All public gatherings have been

Mayor Dillehay Will Take 'Joy' Out of Joy Ride

Mayor Dillehay announced today
he would take the "joy out of joy
riding" in Albany. Four auto-
mobile accidents in 48 hours was
too much for the city administra-
tion and announcement of the fol-
lowing schedule of fines was made.
For first offense\$ 17.50
For second offense\$ 35.00
For third offense\$100.00
As \$100 is the limit permitted
in police court, the names of third-
time offenders, will be turned
over to the grand jury after the
offenders have been fined in po-
lice court.

"This action may seem a little
drastic," Mayor Dillehay said,
"but we must take means to stop
the reckless driving of automo-
biles. Our police force is small
and we request the cooperation of
the public in the execution of the
anti-speeding law. We cannot
possibly get every speeder, but we
are going to enforce heavy fines on
those we do get. We hope this
public announcement will put a
stop to the speeding, but if it
doesn't, heavy penalties will have
to be placed against offenders."

CROPS LOOK GOOD, DINSMORE STATES

C. M. Dinsmore, State President of
the Farmers' Union of Alabama has
just returned from a trip over South
Alabama and reports crops looking
good, and all the counties in that
part of the State getting ready to
send delegates to the State Conven-
tion of the Farmers' Union which
meets at Anniston on the 12th and
13th of August.

Mr. Dinsmore says he is looking
forward to one of the greatest State
conventions that has been held in
Alabama in a number of years, with
practically all the counties represent-
ed. He expects the National Presi-
dent, C. S. Barrett to be present, and
has invited Dr. Spright Dowell, Presi-
dent of the Alabama Polytechnic
Institute, Dr. J. F. Duggal, Director
of the Experimental Station Hon. L.
C. Allgood, Commissioner of Agricul-
ture, Hon. John W. Abercrombie,
State Superintendent of Education,
E. D. Smith, Pres. Teachers Federa-
tion, W. L. Harris, Pres. State Fed-
eration of Labor, and L. B. Musgrove,
member of the State Board of Educa-
tion to be present and address the
convention.

Mr. Dinsmore predicts a great fu-
ture for the Farmers' Union of Ala-
bama, with the Business Department
being carried out in a more system-
atic manner than it has been in the
past, the details of which will be pre-
sented for the approval of the State
convention.

TIDWELL IS MADE PRESIDENT ALBANY COMMERCE BOARD TO SUCCEED EYSTER

C. D. Patterson Elected Vice
President and H. M. Priest
a Director.

EVEN GREATER WORK IN FUTURE IS PLANNED

Committee Named to Promote
Good Roads Program in Ten-
nessee Valley.

At a meeting of the officers and
directors of the Albany Chamber of
Commerce last night, F. F. Tidwell
was elected President to succeed
Chas. H. Eyster who resigned a few
days ago. Mr. Eyster's resignation
was accepted with hesitancy and
much regret in view of the fact that
he has devoted a great deal of time
to the office and has been responsible
for many accomplishments of the or-
ganization during the past few
months.

Mr. Tidwell was elected to the of-
fice after serving as Vice-President
since the reorganization of the com-
mercial organization. While serving
in this office, Mr. Tidwell handled
the affairs in a very creditable man-
ner, and the officers and directors
feel that Mr. Tidwell will handle the
office as President in the same man-
ner.

C. D. Patterson was elected Vice-
President. Mr. Patterson has been
one of the directors and has display-
ed much interest and enthusiasm
throughout the entire time of the
present administration. H. M. Priest
was elected as a director to fill the
vacancy caused by Mr. Patterson's
election to Vice-President. Mr. Priest's
election is one of much interest, in
view of the fact that he has taken a
great deal of interest in the work of
the Chamber of Commerce since com-
ing to Albany several months ago.

Committee Named

The Chamber of Commerce has
been much interested in the promo-
tion of good roads throughout the
Tennessee Valley, and to accomplish
greater results along this line it was
thought advisable to appoint a good
roads committee to work in connec-
tion with the highway commission of
Morgan County and the Alabama
State Highway Department. C. D.
Patterson was named chairman of this
committee; the other members to be
announced later.

Greater Work For Future

The officers and directors are plan-
ning a much greater work for the
future for the commercial organiza-
tion, and to this end they urge the
undivided support and cooperation of
every member and every citizen. To
accomplish greater results the officers
and directors have found it necessary
to have more frequent meetings and
in the future will meet every two
weeks and every member of the board
will be expected to attend unless they
are out of the city. It was also
decided at the meeting last night
that in the future more regular
membership meetings would be held.
More frequent meetings of the of-
ficers and directors and the members
will be absolutely necessary to carry
out the many plans for the future.

54 Warrants Are Served in a Day By Two Officers

What is probably the world's re-
cord for rapidity in the service of
warrants of arrest was hung up yester-
day by Sheriff J. V. May and Chief
Deputy McGuthrie when they served
warrants on 54 persons.

The arrests followed finding of true
bills against the defendants by the
Morgan County grand jury, which ad-
journed Wednesday afternoon after
returning 110 indictments.

JOHNSON COUNTY FARM AGENT NOW

SUCCEEDS ERNEST CARNES,
WHO RESIGNED HIS WORK
HERE RECENTLY

W. G. Johnson is the new county
farm agent for Morgan, succeeding
Ernest Carnes, who resigned recently
to accept a more lucrative position
in the southeast.

Mr. Johnson, in a statement to the
citizens of the county, says:

"It is with genuine pleasure that I
am able to announce to you that I
have been assigned to your country as
County Agent. My official residence
is at Hartselle, and I will regard it a
personal favor if you will call on me
for any assistance I may be able to
render in your farm problems.

"If you have not already done so;
look out now for your feed stuff
for another year. It is not too late
yet for a good hay crop, provided you
begin at once. Wherever you think
you have the Mexican Cotton Weevil,
pick up all fallen, or dead, squares
and bolls and burn them.

"Hoping to be of material service to
you, and assuring you that I will glad-
ly cooperate with you in everything
that is, or may prove beneficial to my
people as a whole, I am."

Yours very truly,
W. G. Johnson,
County Agent.

Patterson Leaves for Minneapolis

A. G. Patterson, of Albany, past
grand chaplain, will leave tonight
for Minneapolis, Minn., where he will
attend the biennial session of the su-
preme lodge, Knights of Pythias,
which will hold a ten days' session in
that city. Mr. Patterson will be ac-
companied by Mrs. Patterson.

Other Alabamians in the party will
be J. Lee Holloway, of Montgomery,
his wife and daughter; Grand Repre-
sentatives B. A. Taylor, of Montgom-
ery and Graham Perdue, of Birming-
ham.

The party from here was composed
of: J. W. Clopton, Frank Cook, Ro-
bert Daniel, F. E. Taylor, Paul Mor-
rison, Charles Mathews, W. R. Shel-
ton, Ed. Baird and Walter Nollau.

C. D. PATTERSON IS ELECTED DELEGATE

WILL REPRESENT LOCAL CHAM-
BER OF COMMERCE IN SPEAK-
ER'S CONTEST

C. D. Patterson leaves tomorrow
for Memphis to attend the conven-
tion of the Cotton States' Merchants'
Association, which will be held in that
city on August 10, 11 and 12. Mr.
Patterson has been named a delegate
to represent the Albany Chamber of
Commerce in a speaker's contest
which will be an important feature of
the convention. The subject on which
the delegates are to speak is "What
is your Chamber of Commerce doing
for your City?"

Mr. Patterson was appointed to re-
present the local commercial organiza-
tion, only after taking into considera-
tion that he has been one of the
most active workers in the work of
the local Chamber of Commerce since
its organization, and the officers and
directors feel that they have appointed
one that will ably represent Ala-
bama.

That Albany is fast becoming the
"center of attraction" throughout the
South, is evidenced by the fact that
many requests are being received by
C. P. McDaniel, Secretary-Manager
of the local Chamber of Commerce for
back numbers of "The Five A's",
which is the official organ of the Al-
bany Chamber of Commerce, and the
speaker's contest at Memphis is ac-
cepted as opportunity to further place
Albany in the "head lines" of cities
throughout the South.

Local Kiwanians Visit Columbians

Nine members of the Morgan Ki-
wanian club visited Columbia last night
to attend the banquet given by the
Kiwanian club of that city. Addresses
were made by several of the local
Braves, Ed Baird making the "key-
note" speech.

The party from here was composed
of: J. W. Clopton, Frank Cook, Ro-
bert Daniel, F. E. Taylor, Paul Mor-
rison, Charles Mathews, W. R. Shel-
ton, Ed. Baird and Walter Nollau.

HARDING'S PLAN TO END WAR MEANS A SEPARATE PEACE WITH THE GERMANS

Declares Governor Cox in Ac-
cepting the Democratic Nom-
ination for President.

"AMERICA TO BEAR CONTEMPT OF WORLD"

Prohibition Was Not Referred
to Although Law Enforce-
ment Stressed.

(International News Service)
DAYTON, August 7.—Declaring
the league of nations the supreme
issue of the century, Governor James
M. Cox in his speech formally ac-
cepting the democratic presidential
nomination, went squarely on record
here today as favoring immediate
ratification of the peace treaty and
said that American will deservedly
"bear the contempt of the world if
she refuses."

The Governor denounced Senator
Harding's plan for ending the exist-
ing state of war as an attempt "to
make a separate peace with Germany
which would be the most dishearten-
ing event in civilization since the
Russians made their separate peace
and infinitely more unworthy on
our part than it was on that of the
Russians."

Not once in the whole course of
the speech was prohibition specifi-
cally mentioned, but the governor came
out firmly for law enforcement and
declared "it would be a violation of
his oath of office for the president not
to enforce the law."

One-third of the speech of nearly
2,000 words was devoted to the league
of nations.

The attitude of Governor Cox on
the twelve main issues was:

League of Nations — Declares
league supreme issue of century and
favors immediate ratification of the
peace treaty with any reservations
that do not impair its vital princi-
ples. Calls the Monroe doctrine,
"the very essence" of article X and
declares that the U. S. could never
enter war under the league without
the sanction of congress.

Prohibition — Makes no mention
of wet and dry issues but declares that
any public officials who fails to en-
force the law "is an enemy to both
the constitution and the American
principle of majority rule."

Soldier Bonus — Pledges the party
to rehabilitation of disabled sol-
diers and declares "considerable com-
pensation is due those who lost much
by the break in their material aspira-
tions."

Woman's suffrage — Expresses
"earnest hope as our platform"
that the amendment will be promptly
ratified.

Profiteering — Calls profiteering
the most sinister influence in America
and promises to find means to make
profiteers suffer the penalty of criminal
law.

Taxation — Promises a reduction of
\$2,000,000,000 in national taxation,
favors repeal of excess profits tax
and substitution of small tax on all
going business concerns. Advocates
federal budget system.

Industrial disputes — Believes col-
lective bargaining will be helpful to
general interests. Demands definite
statement on rights of employers and
employees and collective action.

Transportation — Favors fair trial
for railroads under private ownership.
Woodrow Wilson — Declares repu-
blican courtesy to Woodrow Wilson,
a political intrigue and says history
will make it odious.

Campaign expenditures — Declares
that both parties should tell the plain
truth as to expenditures.

Farmers — Favors increased home
owning, community market, coal stor-
age control, co-operative purchasing
and selling and appointment of "dirt
trusts."

COX IS SQUARELY
BEHIND THE LEAGUE

The address which Governor James M. Cox delivered today in accepting the democratic presidential nomination is notable especially because of the square-cut way in which the party standard bearer endorses and backs up the league of nations covenant. The position of Cox, who neither straddles nor evades, is in marked contrast to that of Harding, the republican white hope. One is the expression of an honest conviction, the other the crude effort of an artful dodger eager to please all factions. One has the ring of sincerity and conviction, the other is admittedly tainted with moral cowardice and sugar-coated with hypocritical words.

There are many strong points in the Cox address, but that which most cleverly unmasks the Grand Old Party and its wilful senators, of whom Harding is one, is merely a restating of facts that are so recent as to still be common knowledge. The Governor turns the pages of current history back a year and introduces the staid but reliable Congressional Record as his witness. By this official document he proves that the republican opposition to the peace treaty and the league of nations antedates republican knowledge of the provisions of both. He shows that the republican members of the senate, in their haste to precipitate a campaign issue, caused to be inserted into the Record what purported to be a version of the Versailles treaty. This act of discourtesy is prima facie evidence of republican opposition to the league of nations on the high and lofty ground that it was in part drafted by Woodrow Wilson.

The campaign is now really under way, and from this time forward "Jimmy" Cox may be depended upon to carry the war to the enemy's country. His leadership is to be that of a man who is not afraid to come out into the open, one who has no front porch strings and no predatory guardians.

Harding's Plan to
End War Means

(Continued from Page 1)

farmers to federal positions.

Party Government—Says parties have useful place but denounces any "government by party" which weakens the solemn sense of personal responsibility.

Governor Cox's speech in part follows:

We are in a time which calls for straight thinking, straight talking and straight acting. This is no time for wobbling.

The men and women who by expressed policy at the San Francisco convention charted our course in the open seas of the future sensed the spirit of the hour and phrased it with clarity and courage. It is not necessary to read and reread the Democratic platform to know its meaning. It is a document clear in its analysis of conditions and plain in the pledge of service made to the public. It carries honesty of word and intent. Proud of the leadership and achievement of the party in war, Democracy faces unafraid the problems of peace.

In the midst of war the present senatorial cabal, led by Senators Lodge, Penrose and Smoot, was formed. Superficial evidence of loyalty to the president was deliberate in order that the great rank and file of their party, faithful and patriotic to the very core, might not be offended. But underneath this mis-

leading exterior, conspirators planned and plotted, with bigoted zeal. With victory to our arms they delayed and obstructed the works of peace. If deemed useful to the work in hand no artifice for interfering with our constitutional peace-making authority was rejected. Before the country knew, yea, before these men themselves knew the details of the composite plan, formed at the peace table, they declared their opposition to it. Senator Harding makes this new pledge of policy in behalf of his party:

"I promise you formal and effective peace so quickly as a Republican congress can pass its declaration for a Republican executive to sign."

Separate Peace

This means but one thing—a separate peace with Germany!

This would be the most disheartening event in civilization since the Russians made their separate peace with Germany, and infinitely more unworthy on our part than it was on that of the Russians. They were threatened with starvation and revolution had swept their country. Our soldiers fought side by side with the Allies. So complete was the coalition of strength and purpose that General Foch was given supreme command, and every soldier in the allied cause, no matter what flag he followed, recognized him as his chief. We fought the war together, and now before the thing is through it is proposed to enter into a separate peace with Germany! In good faith we pledged our strength with our associates for the enforcement of terms upon offending powers, and now it is suggested that this be withdrawn. Suppose Germany, recognizing the first break in the Allies, proposes something we cannot accept. Does Senator Harding intend to send an army to Germany to press her to our terms? Certainly the allied army could not be expected to render aid. If, on the other hand, Germany should accept the chance we offered of breaking the bond it would be for the express purpose of insuring a German-American alliance, recognizing that the Allies—in fact, no nation

STOMACH FELT
IT WAS ON FIRE

This lady had had case of stomach trouble quite nervous and suffered much from constipation and headache. One half bottle of Drego, gave relief and now she is on the road to recovery.

"My mother is 70 years old and has been in poor health for some time, the main trouble being a stomach disorder", says Mr. O. R. Booker a prosperous farmer living on Route 2, Gadsden, Ala.

"She suffered intensely at times, when her stomach burned like fire and seemed to be full of sour, hot water, which she could hear gurgling and churning around. No matter how careful she was about her food it always soured, formed gas and kept her bloated and uneasy. Constipation also gave her much uneasiness, her nerves were all to pieces, and she slept very poorly. Rheumatism of the joints also pained her daily. She was quite bilious and her appetite failed her."

"I went up and bought a bottle of Drego, which was being so highly praised for the same troubles Mother had, and the first half of bottle gave her relief from the stomach pains and burning sensation and also got her bowels moving regularly. I've never seen any one improve so rapidly as she has, for her troubles are all gone, and her strength is greatly increased. She eats whatever the balance of us eat, and it never seems to bother her now. Drego is surely one great medicine."

All druggists now sell Drego and it is being especially introduced in Albany by Albany Drug Co., in Decatur by Hilda Drug Co.—Adv.

In the European
Countries

\$1100.00 per acre is cheap for farm lands, and none but the rich own them. As a condition, a man never can earn a piece of land. He must inherit it or he must be a wealthy man to buy it. The same condition is beginning to prevail in the more thickly populated Northern states. In the South, a farm tenant can apply himself to hard work and good management for four or five years and pay for a good farm, or make it pay for itself as is the common expression. As the population of the country grows and the drift of immigration continues from North to South (instead of from East to West as it used to be), the opportunities to own land will grow less; or in plain United States language, land in the South will be land.

If the farms described below do not suit you, we have others:

No. 6.—380 acres, seven miles from Decatur on the Decatur and Sheffield pike, all red level land and practically all cleared, one nine room residence, four tenant houses, one large barn 50x75 ft., several wells and plenty of everlasting running water, 20 acres in pasture fenced with hog wire. This farm is planted to cotton, corn, peas and sorghum this year, and the cotton crop bids fair to yield an average of 1000 pounds of seed cotton to the acre. Offered at \$100.00 per acre. Terms.

No. 10.—104 acres, eight miles from Albany. 70 acres cleared, 50 acres level creek land, balance mountain land, some good timber. One set of houses, barn, spring, creek, and pasture fenced in. \$40 per acre.

Gentlemen:

In reply to your letter of August 2nd concerning the Round Oak Pipeless Furnace which we are using, I wish to advise you as follows:

We installed one of these furnaces in a six-room bungalow at our New Castle Mine and are more than pleased with it. It requires very little attention, uses a very small amount of fuel and heats the house very satisfactorily. The fuel used is a low grade coal and the expense of heating the house, compared with grates or stoves, is extremely low.

I have no objection to your using this letter for advertising purposes.

Yours truly,

C. McCORMACK,
President.

Harding's Plan to End War Means

(Continued from Page 2.)

in good standing would have anything to do with either of us.

Bumbling Diplomacy

This plan would not only be a piece of bungling diplomacy, but plain, unadulterated dishonesty, as well.

No less an authority than Senator Lodge said, before the heat of recent controversy, that to make peace except in company with the Allies would "brand us everlastingly with dishonor and bring ruin to us."

And then after peace is made with Germany, Senator Harding would, he says, "hopefully approach the nations of Europe and of the earth, proposing that understanding which makes us a willing participant in the consecration of nations to a new relationship."

In short, America, refusing to enter the League of nations (now already established by twenty-nine nations) and bearing and deserving the contempt of the world, would submit an entirely new project. This act would either be regarded as arrogant madness or attempted international bossism.

The plain truth is, that the Republican leaders, obsessed with a determination to win the presidential election, have attempted to satisfy too many divergent views. Inconsistencies, inevitable under the circumstances, rise to haunt them on every hand, and they find themselves arrayed in public thought at least, against a great principle. More than that, their conduct is opposed to the idealism upon which their party prospered in other days.

Claims Best Thought

Illustrating these observations by concrete facts, let it be remembered that those now inveighing against an interest in affairs outside of America, criticized Pres. Wilson in GAL TWO—COX SPEECH

unmeasured terms for not resenting the invasion of Belgium in 1914. They term the League of Nations a military alliance, which, except for their opposition, would envelop our country, when, as a matter of truth, the subject of a League of Nations has claimed the best thought of America for years, and the League to Enforce Peace was presided over by so distinguished a Republican as Ex-president Taft, who, before audiences in every section advocated the principle and the plan of the present League. They charge experimentation, when we have as historical precedent the Monroe Doctrine, which is the very essence of Article X of the Versailles covenant. Skeptics view Monroe's mandate with alarm, predicting recurrent wars in defense of Central and South American states, whose guardians they alleged we need not be.

And yet not a shot has been fired in almost one hundred years in preserving sovereign rights on this hemisphere. They hypocritically claim that the League of Nations will result in our boys being drawn into military service, but they fail to realize that every high school youngster in the land knows that no treaty can override our Constitution, which reserves to Congress, and to Congress alone, the power to declare war. They preach Americanism with a meaning of their own invention, and artfully appeal to a selfish and provincial spirit, forgetting that Lincoln fought a war over the purely moral question of slavery, and that McKinley broke the fetters of our boundary lines, spoke the freedom of Cuba, and carried the torch of American idealism to the benighted Philippines. They lose memory of Garfield's prophecy that America, under the blessings of God-given opportunity, would by her moral leadership and co-operation become a Messiah among the nations of the earth.

Shows up Harding Plan
Senator Harding, as the Republican candidate for the presidency, purposes in plain words that we remain out of it. As the Democratic candidate, I favor going in. Let us analyze Senator Harding's plan of making a German-American peace, and then calling for a "new relationship among nations," assuming for the purpose of argument only, that the perfidious hand that dealt with Germany would possess the power of influence to draw twenty-nine nations away from a plan already at work, and induce them to retrace every step and make a new beginning. This would entail our appointing another commission to assemble with those selected by the other powers. With the Versailles instrument discarded, the whole subject of partitions and divisions of territory on new lines would be reopened. The difficulties in this regard, as any fair mind appreciates, would be greater than they were at the peace session, and we must not attempt to convince ourselves that they did not try the genius, patience, and diplomacy of statesmen at that time. History will say that great as was the Allied triumph in war, no less a victory was achieved at the peace table. The Republican proposal means dishonor, world confusion and delay. It would keep us in permanent company with Germany, Russia, Turkey and Mexico. It would entail, in the ultimate, more real injury than the war itself. The Democratic position on the question, as expressed in the platform, is:

"We advocate immediate ratification of the Treaty without reservations which would impair its essential integrity, but do not oppose the acceptance of any reservation making clearer or more specific the obligations of the United States to the League associates."

The first duty of the new administration clearly will be the ratification of the Treaty.

States His Stand
Capital and Labor—Capital develops into large units without violence to public sentiment or injury to public interests—the same principle should not be denied to labor. Collective bargaining through the means of representatives selected by the employer and employee respectively will be helpful, rather than harmful to the general interest.

Agriculture—The government should maintain active sponsorship of state rural school codes. The right of co-operative purchasing and selling is the modern view and should be removed from all question.

Suffrage—Their (the women) in tuition, their sense of the humanitarian in government, their unquestioned progressive spirit will be helpful in problems that require public judgment. Therefore they are entitled to the privilege of voting as a matter of right and because they will be helpful in maintaining wholesome and patriotic policy.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.
